

Happy Holidays

Dear Representative _____,

We're enjoying the holidays, but sadly, there are still more than one billion others who cannot because of extreme poverty. I'm writing today to urge you to co-sponsor H.R. 2634, the House version of the Jubilee Act. This bill would expand eligibility for debt cancellation to 67 impoverished countries provided they use the money to address extreme poverty. Please co-sponsor this important legislation. Without debt cancellation these 67 countries will not be able to meet the U.N. Millennium Development Goals (MDGs).

Sincerely,
